2017 COMMUNITY & ECONOMIC DEVELOPMENT POLICY **STATEMENT**

1	Continued community and economic	42	HOUSING
2	development are essential to the vitality of	43	VML urges state and local governing bodies
3	the Commonwealth of Virginia. VML urges	44	to develop and maintain a balanced housing
4	the state to partner with localities to develop	45	mix, including affordable housing. Local
5	and carry out the state economic	46	officials are in the best position to determine
6	development strategic plan.	47	that mixture. Local governments must be
7		48	fully involved in the decisions on the
8	VML realizes the importance of	49	placement of affordable housing in their
9	communities and neighborhoods, and	50	jurisdictions. Procedures involving the
10	supports legislation to encourage state and	51	granting of tax credits for projects must
11	local cooperation efforts that would deter	52	involve local governing bodies. Any
12	crime, promote maintenance and safety of	53	locality that issues a Section 8 housing
13	property in neighborhoods, and improve the	54	certificate should have housing available in
14	livability of Virginia's cities, towns and	55	the jurisdiction for the certificate's holder, to
15	counties.	56	prevent persons who are granted Section 8
16		57	certificates from having to leave their home
17	VML encourages local governments to work	58	jurisdiction in order to find housing.
18	together in regional efforts to improve the	59	
19	quality of life and economic development	60	VML supports state funding for affordable
20	opportunities and encourages the state to	61	housing.
21	support such regional efforts in	62	-
22	collaboration with local elected officials.	63	The state should take the lead and work with
23		64	local governments to encourage the
24	Incentive programs, such as GO Virginia,	65	development of mixed income development
25	the Commonwealth's Opportunity Fund and	66	and redevelopment, coupled with support for
26	the Virginia Enterprise Zone Program are	67	mixed use projects.
27	important economic development tools,	68	
28	particularly in a challenging economy. The	69	The Commonwealth should give high
29	state should work with local governments to	70	priority to approval and funding of low
30	ensure that economic development efforts	71	income housing tax credit projects that
31	focus on improving opportunities in	72	incorporate affordable and subsidized units
32	economically troubled areas	73	into mixed use/mixed income developments.
33		74	Such projects should include a substantial
34	Appropriate efforts include grants and state	75	share of market rate housing.
35	tax incentives and efforts to assist minority	76	
36	and women-owned businesses. The state	77	BLIGHT AND NEIGHBORHOOD
37	should strive to fully fund programs that	78	PRESERVATION
38	strengthen local governments' commercial	79	The General Assembly should broaden the
39	and industrial tax bases to reduce pressure	80	laws on dealing with blight and dealing with
40	on the residential real estate tax base.	81	building permits issued for repairs or
41		82	renovation to require timely completion of
		83	the work or, failing a legitimate plan by the

84 owner, diligently pursued, to complete the

- 1 work, authorizing local government action
- to correct the health and public safety
- problems created by projects that are not
- 4 completed and to either seize available
- assets of the owner and use them to fund
- corrective action, or recover the locality's
- costs on a priority basis in the same manner
- 8 as unpaid taxes. Further, the definition of
- derelict building should be expanded to
- 10 include buildings which are never completed
- to a condition that would meet the definition
- 12 in Virginia Code Section 15-2.907.1. 13

VML supports strengthening the minimum housing maintenance code. 15

17 ZONING INCENTIVES FOR IN-FILL

18 DEVELOPMENT AND

19 REDEVELOPMENT

16

- 20 The state code provisions on zoning
- authority should continue to ensure that
- 22 local governments have a full range of
- authority to promote affordable and mixed
- income housing, including authority to
- facilitate in-fill development, redevelopment
- and mixing of uses in redevelopment
- projects. Therefore, the Code of Virginia
- must not be changed to limit local
- governments' authority to enact land use
- 30 regulations for the benefits of all citizens of
- a locality. 31

32

33 PLANNING AND LAND USE

- The Governor and General Assembly should
- continually evaluate the limitations on local 35
- authority and land use management tools
- provided in the state code to ensure that the
- policies of the Commonwealth encourage
- and support healthy cities and towns. The
- 40 Commonwealth must repeal state laws that
- encourage sprawl or that discourage mixed-
- 42 use, inclusive communities at sustainable
- densities. Instead, the policies of the 43
- Commonwealth should support sustainable
- growth in and around urban centers to help
- local governments create more livable,
- environmentally responsible communities,

- thus reducing the environmental impact of
- 49 growth. In addition, the policies should
- 50 alleviate transportation funding problems for
- 51 the Commonwealth and should promote
- 52 transportation priorities to promote public
- 53 transportation modes as well as pedestrian
- 54 and bicycle transportation. VML supports
- 55 multi-modal transportation options for
- regions and localities. 56
- 58 Further, to make movement into urban
- 59 centers attractive, the education policies and
- 60 funding must promote high quality
- 61 educational facilities, opportunities and
- services in urban centers. Further the 62 63
- Commonwealth must provide funding to 64 help urban centers attract and retain high
- 65 paying jobs.
- 66

57

- 67 Planning and land use control are two of
- local government's most important 68
- 69 functions. Localities must maintain control
- 70 of local land use decisions. Neither the state
- 71 nor federal government should usurp or pre-
- 72 empt a locality's power to make such
- 73 decisions or impose processes that weaken
- 74 planning and land use functions. This
- includes home businesses and other 75
- 76 activities that may put different persons'
- 77 property rights into conflict with one
- 78 another. All localities should be guided by
- 79 their comprehensive plan for future
- 80 development. The General Assembly
- should allow local governments to exercise 81
- 82 land use authority in the manner that the
- local government deems appropriate for its 83
- circumstances. Coordination of local land 84
- 85 use planning and transportation planning
- improves the ability of all levels of 86
- 87 government to deal with and manage
- 88 growth-related issues the Commonwealth
- 89 faces in the long-term.
- 90
- 91 The General Assembly should enhance local
- 92 government's ability to implement their
- 93 comprehensive plans by authorizing a
- complete spectrum of land use and growth

1 management tools and should allow and provide localities more creative, locally

initiated planning and land use mechanisms.

However, sufficient fiscal capacity is

necessary to take advantage of more robust

planning and land use mechanisms.

When a county's transfer of development

9 rights program includes lands adjacent to a 10 city or town, the General Assembly should

provide the municipality with the authority

12 necessary to fully participate in the decisions

on transferring such rights when it is

determined by the municipality that the

land-use change will impact its citizens. 15 16

17 VML supports the state's exploration of 18 sustainable development, provided that there

19 is not an effort to supplant the authority of

20 local governments to determine their own

land use policies, and encourages the

consideration of incentives for localities to

implement sustainable development

approaches. 24 25

26 State agencies should be required to comply with local comprehensive plans and local land use regulations and policies.

29

30 VML supports enhanced redevelopment opportunities through the adoption of an urban policy for the commonwealth, and 33 implementation of growth management policies that encourage growth and economic development in urban areas. 36 VML supports the position that the vested rights law is prospective only and that local governments have the authority to amend

40

The law on nonconforming uses and

zoning ordinances in the future.

42 structures must not be diminished. The

43 desires of a single property owner should

44 not outweigh the interests of the neighbors, who benefit from properties coming into

46 conformance with the zoning ordinance over

time through the effects of the law on 48 nonconformity.

49

50 The General Assembly should not enact any

51 legislation, under the name of private

52 property protection law, that seeks to

53 weaken local powers to regulate land uses

54 and protect the community's health, safety and welfare, or that requires additional 55

56 compensation beyond judicial interpretation

57 of the Fifth Amendment of the U.S.

58 Constitution and Article I, section II of the

59 Virginia Constitution.

60

61 VML opposes any additional legislation that 62 would exempt religious organizations or

63 provide special entitlements to individuals

and industries from neutral, generally 64 applicable local ordinances, and in

65 66

particular, local zoning and public safety ordinances.

67

68 69

RESPONSIBLE GROWTH

70 **MANAGEMENT** Current state land use authority is often 71

72 inadequate to allow local governments to

73 provide the infrastructure and services for 74

growth in a manner that protects and 75 improves the quality of life in our

communities. The General Assembly should 76

authorize local governments to implement 77

78 growth management policies including

impact fees in order to enable localities to

80 facilitate orderly, rational growth in a

manner appropriate to their communities. 81

82 The authority to impose impact fees should 83 include calculations for the cost of all public

84 infrastructure, including local transportation,

85 transit, and school construction costs, caused

by growth. Until a comprehensive impact 86

fee system is authorized, the state code

should extend to all localities full authority 88 89 for conditional zoning to meet the needs of

90 new citizens for public infrastructure.

91

92 The General Assembly should take all steps

needed to assist towns and cities to work

1	with the surrounding counties to promote	39	Localities should retain the right to tax
2	growth in patterns that help the vitality of	40	manufactured homes as personal property,
3	the municipalities. Any change must not	41	and not be forced to classify them as realty.
4	shift the burden of paying for new	42	, , , , , , , , , , , , , , , , , , ,
5	infrastructure to existing citizens through	43	SUBDIVISION STREET STANDARDS
6	increased real estate taxes.	44	Local governments should have authority to
7		45	modify standards for street pavement and
8	DESIGN FOR ALL CITIZENS.	46	right-of-way widths, including streets
9	As life expectancy rises and as the number	47	brought into the system that do not meet
10	of citizens with significant physical	48	VDOT standards, that are beneficial to good
11	disabilities and limitations increases,	49	planning; public safety; and the well-being
12	Virginia's local governments recognize that	50	of the residents, without diminishing state
13	man-made environments must be made	51	funding for street maintenance payments.
14	accessible to and inclusive of all citizens,	52	
15	whether aging, disabled or facing other	53	PRESERVATION OF RIGHTS-OF-
16	limitations. Therefore, the state's laws,	54	WAY
17	regulations and policies must serve to	55	Road projects take many years from the
18	increase accessibility for the aged and	56	planning stage to construction. Often
19	disabled populations. Such laws,	57	localities need to reserve miles of right-of-
20	regulations and policies that do not assist	58	way years in advance of any funding
21	reaching these goals should be amended or	59	availability for these projects, or risk
22	repealed. Building codes should be	60	development in the path of these road
23	amended to help achieve these goals in new	61	projects. Localities need tools to enable
24	and existing construction. Further, state	62	them to reserve rights-of-way for longer
25	laws, regulations and policies must be	63	periods of time. The official map legislation
26	amended, as needed to give local	64	allows reservation but localities are often
27	governments full authority to provide	65	unable to provide for the upfront funding
28	accessible private and public infrastructure.	66	needed to purchase these right-of-way in the
29		67	allotted timeframe.
30	MANUFACTURED HOUSING BY	68	
31	RIGHT	69	VARIANCES, SPECIAL EXCEPTIONS
32	Local governments must retain the authority	70	& CONDITIONAL USE PERMITS
33	to plan for the appropriate mix of residential	71	VML maintains that the law on variances

- to plan for the appropriate mix of residential
- structures in their communities, and must 34
- retain full authority to regulate the
- 36 placement of manufactured homes, without
- 37 state intervention.

38

- should be retained in its current form. 73 Because land use is controlled at the local
- 74 level, the General Assembly should not
- 75 require or dictate any specific procedures for
- 76 special exceptions, conditional use permits
- 77 or similar land use decisions.

72
