VIRGINIA MUNICIPAL LEAGUE  
**INNOVATION  
AWARDS**

RECOGNIZING EXCELLENCE IN VIRGINIA LOCAL GOVERNMENT

## CALL FOR ENTRIES

# 2022 VML Innovation Awards

THE PEOPLE WHO MAKE local governments work do so much for their residents with little or no expectation of recognition. That's why 46 years ago, the Virginia Municipal League launched our "Achievement Awards" to recognize outstanding work being done by local governments across Virginia. The program went on to become Virginia's highest honor in local government creativity. In 2017 the name was changed to "Innovation Awards", but the purpose remains the same: To celebrate all that you do to make your city, town, or county a great place to live!

It's time again for our members are to spotlight programs and individuals that have made a big difference to your residents by creating innovative solutions to address emerging needs.

The awards will be presented at VML's Annual Conference in Richmond in October.

## Criteria

Projects and programs are judged on how well they demonstrate the following:

- **Innovative problem solving**
- **Improved quality of life**
- **Excellence in management**
- **Making the most of local resources**
- **Increased citizen participation**
- **Long-term value to the community**
- **Adaptability to other communities**

Award-winning projects typically demonstrate innovative ways of delivering services, addressing community needs, or significantly improving an existing service.

## CATEGORIES

AWARD CATEGORIES are based on broad topics with local governments of all sizes competing within these categories. The entries will be judged based on the scope and effect of the project in relationship to the community's size, thereby putting all localities on a level playing field.

Many projects relate to more than one category. When deciding what category best fits your project, consider the primary goal of the project and which components of the project demonstrate the greatest innovation.

Localities may submit only one entry in each of the eight following categories (i.e., a maximum of eight submissions total per locality):

### Community Health

Includes building healthy community environments through active lifestyle programs, nutrition education and improving access to healthier food choices.

### Economic Development

Includes business development and retention; international competitiveness; infrastructure development and investment; planning, land use and zoning; blight; enterprise zones; housing; transportation; workforce development; and historic preservation.

### Environmental Quality

Includes natural resources and the authority of local governments to manage the environment, including water resources and quality, solid and hazardous waste management, air quality and the Chesapeake Bay.

### Public Safety

Includes police, fire, rescue services, emergency planning and coordinated response, building code enforcement, jails, health, and mental health related to public safety.

### Working with Youth

Includes civics education, pre-k-12 education, summer programs, parks and recreation, and literacy programs..

### Communications

Includes promotional campaigns, branding campaigns, crisis plans, events, customer service programs; media can include online, video, print, social and other formats.

### Risk Management

Includes the process of identifying, assessing, and controlling threats to a locality's capital, earnings, information technology, and data. This can include, but is not limited to, investments in risk management and diversification of risk management strategies used to mitigate threats.

### Local Champion\*

Includes efforts made by local first responders (i.e., firefighters, EMTs, police) or local government staff who performed valuable work beyond the requirements of their job. The intention of this award category is to recognize public servants and local government individuals who made significant contributions to the communal good without expectation of financial compensation. The nominee can be either an individual or group; the award will be presented to both the winning individual/group and the locality in which they serve.

\*The Local Champion category was created in 2020 to recognize those doing selfless work during the pandemic. 2022 will be the last year for this award category.

# President's Award for Innovation

One winning project from the category winners will be selected for the top prize – the President's Award – and will receive this top honor in addition to the award in their category. The President's award can come from any of the categories.
